"LOVE THERAPY – PART FOUR"

No. 361

TO THE READERS OF RAYS OF WISDOM

Illumined Beings of the Great White Lodge on High, seek to help us of Earth find the simplest and surest way to the Christ, to partake of the Christ Consciousness, and to receive the Christ Illumination when we are ready.

All of the teachings of the Great White Lodge above are based on the Teachings of the Lord Christ, and that which is NOW being taught the Initiates in the Higher Realms.

May the Spirit of Meditation be with you as you read to aid you in going deeply into the inner meaning of this Message. Each time it is read fresh wisdom is perceived — for the reader grows with each reading.

The Shrine at Del Mar is a sacred, holy place, dedicated to teaching and healing.

THE UNION OF POWER AND LOVE*

In the spheres beyond the earth are temples of healing, temples of learning, temples of wisdom. Here Brothers assemble, all of the one pure light, of the one pure spirit, and at these assemblies what you call the Lord's Prayer is always chanted. This is a mantram with power to open the heart of every true aspirant. If a prayer is uttered with understanding and sincerity it never fails to invoke streams of life-force from the Godhead. It sets in motion a vibration which attracts such spiritual forces as waves of light and truth in the ethers, just as steel is drawn to a magnet.

We cannot too strongly emphasize or recommend the efficacy of the Lord's Prayer. In this great prayer there is a sense of surrendering the whole being to God — and this is the first essential of healing, to surrender one's life and being to God. This does not mean that you have meekly to endure pain and ill-health. No! It means that you give yourself in faith to God. Faith denotes an inward knowing that God is all-wise, all-loving and all-powerful. Faith means that you know deep within your heart that God's will for all His Children is that they should be whole, healthy, holy and happy.

My friends, the absorption into the being of the sweet essence of the Christ Love is another form of healing and communion. In His service we, too, will absorb the Christ Love and thus be attuned in heart to the Father-Mother God, realizing that we are a part of the one supreme Creative Life, and in that Life we are made whole and are perfect. As you in your spirit absorb this truth, the forces penetrate the physical body and it takes on a condition of health, wholeness and perfection. This is the true meaning of the words of the Master — "The Father and I are One," and "If you had known the Father, you would have known Me also."

* FIRST BOOK OF AZRAEL, p. 71-73

The Master meant that had His hearers once realized the purity, the loveliness, the glory of their Creator, they would have recognized His Son, the Christ. You can carry this into everyday life.

X Once a soul has seen and realized the glory of his Father-Mother God, he will recognize the Christ in his brother man.

All that goes to make the surface life which is not harmonious is not Christ — is not even real. Remember that you all have the same thing in common — the Christ Within — which is covered up, hidden by all the illusions of the earth. They must all be dispersed and you must get through illusion and find the truth, which is kindness, love, compassion, understanding, tenderness, gentleness, justice — all the virtues of the holy (or the healthy) life.

When therefore you pray "forgive us our trespasses" it is as though you were asking to be healed of sickness and weariness, because sickness, in whatever form, is inharmony, is disease (or lack of ease). By surrendering the soul in confidence to God you permit true health to enter, and disease is dispelled.

It should be the ambition
of every man and woman
through perfect cleanliness
upon all levels of being
to become a CHANNEL OF LIGHT
to the healing of man.

This CHANNEL is opened
in men and women
by selfless service
which asks no applause
or thanks from the outer world.

LOVE THAT IS POWER*

Remember this always: the unleashing of this force within you is a mighty torrent; it is a molecular energy of a speed and a variation encompassed by no human brain in concept; it is Force Triumphant, striking him dead who hath not the power to use it aright;

Verily it hath struck many dead, and continents now lie buried beneath the waters of seas in that it was mischievously unleashed. Taking thought unto this force presenteth it with power; dwelling upon the divine spark within you, presenteth it with brilliance;

It gloweth like a coal and pulseth like ruby; it saith unto you, Behold I am here, use me at your behest.

Presently it climbeth mountains, terrific of endurance, seizing the physical frame and vitalizing it unto such glory that verily it shineth as a beacon in a darkness.

Presently the flame breaketh forth with great brilliance, energizing and quickening all that is about it.

The day cometh when the flame hath power to transcend the body and in that day the need of mortal endurance is at end for the human spirit; lo the flame manifesteth as it pleaseth, for it feedeth upon itself as though fuel cometh to it.

Ye do feed this flame by giving thought until the body ceaseth to hold it and ye do shine forth for that which ye are, Sons of Light indeed! For verily ye are the light, verily fanned unto crystalline brilliance.

Give heed unto my counsel: dwell upon that in which I instruct you: take heed unto yourselves and bring to fruition the knowledge of your spark, that it is within you;

Segregate it, I tell you, within the atoms of your being, awaiting its calling forth, demanding its hour of omnipotence.

Love is your shibboleth by which the process behaveth: verily I tell you, great love for all things, sensate and insensate, organic and inorganic, alive or non-alive, worketh upon you in this way, that ye do endow such essences with the cosmic force that is your own entity, and the essences feel your presence and create for you a field of force, within which ye manifest.

**GOLDEN SCRIPTS*, 151: 1-5, 7-12.

I AM not lonesome or apart
That you must think "lo there";
I AM the all emerged in all
Behold me everywhere.
I AM the morning zephr soft
While skipping oe'r the lea;
I AM the music of the brook
That flows on to the sea.
I AM the kisses of the sun.
I AM the tears of rain;
I AM the welcome breath of spring
That brings new life again.
I AM the sprouting of the seed,
The budding of a flower.
I AM the beauty that you see
Unfolding every hour.
I AM the singing of the birds,
The rustling of the leaves;
I AM the holy force of life
In everything that breathes.
I AM the thrill of harmony
You feel but cannot tell;
I AM the firm unchanging law
That worketh all things well.
I AM the light that never fails,
The power that never dies;
I AM the still small voice within
That bids the soul arise;
I AM the fruit of highest thought,
I AM the iron rod
That strengthens and supports;
I AM what men call God.

(Continued)

20 (Con't) Despair, fear, terror, panic, paralysis give way to courage, placidity, equilibrium, peace. You think good and do good, keeping your ideas upon God and health, light, brightness. This is the pattern of your life as God is let in, and as God is permitted to dominate your comings and goings. This is a new life, and you are a new being.

21 Allow God to heal and do all this for you: to renew you, restore you, in your goodness, your inner existence, your thinking, your intentions — to revivify and invigorate you in your physical conditions, material circumstances. Just be receptive, passive, relaxed, and expectant, and all this is accomplished beginning right now. Keep in mind that God knows what you need. Let God do the work. Remind yourself constantly that God loves you. God is taking care of you all the time.

22 Plan from now to demonstrate your own appreciation for your healing from God. And how can you do your part in bringing God's Good to those who suffer hardship, pain, fear, insecurity? God gives you Love. Is this not so? Then pass along this Love to others in terms of kindness and service. Do this, and your healing is permanent. Break this Chain of Love, and you become cast down into degradation of hate and turmoil. Make strong this Chain, and you lift your portion of the world into betterment. The greater the peace you gain by doing your own good works, the greater the peace you bring to the world. But do your own work. Do not let anyone or any institution do this work for you or nothing is accomplished. The more you yourself love others — reflect God — the greater the presence of God within your own being, and the fuller and more permanent your own healing. This is the token of your gratitude for favors received from God's unlimited Storehouse of Love.

Peace . . . Peace . . .

All is Peace . . .

and from the Deep Well the pouring forth
of the Great Peace which is . . .
the effusion of LOVE flooding
over the Precious Opening
and through the heart
from the Heart of Hearts . . .
into this dark world . . .

Bringing into Being
the Wave of Healing Radiation
at this instant . . .
sweeping before it
everything negative and destructive . . .
washing away and cleansing . . .
burning out and dissolving . . .
disintegrating and drying up . . .
cauterizing and cutting out . . .
laying waste and scattering . . .

Until there remains
Complete Change
in the wake of the Radiant Soul-Fire . . .
from destruction through man
to Construction through Man . . .
creating and establishing the Will
for the Peace of the flesh, the mind, the soul . . .
All this through
the surging emanation of this Power of God,
this POWER OF LOVE . . .

NOW, AT THIS MOMENT . . . and for all time . . .
seeping through the external layers
of the personal form now appealing
before the Tribunal of God
For surcease from pain
and into the very Soul Within . . .
exposing wide this human heart
to receive All this Good . . .

As the Light now being released
does penetrate into every tiny crevice
of this person's life,
carrying its healing adjustment
into the motivating pressures
behind consciousness,
into the conscious thoughts themselves,
and then into every active movement
which takes place within the physical body
and every deed which is individual
undertakes towards other humans . . .

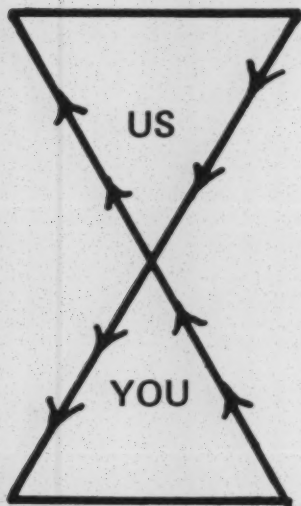

Thereby passing along the Power
of this energetic Good to those in need . . .
that All might experience the strength and might of Love . . .
which is the Greatest Right . . .
and the Greatest Truth . . .

And, at the same time,
the Will and Purpose of God
NOW being set in motion . . .
and bringing into its own,

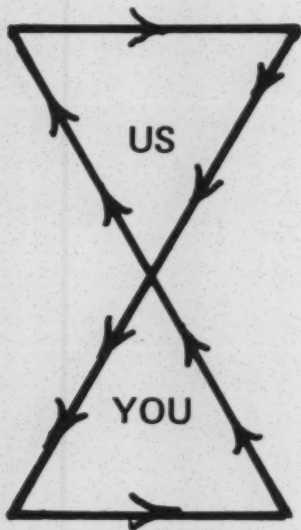

The Word of Light . . . IT IS SPOKEN!

LOVE THERAPY DIAGRAMS (Con't)

Now, let us see what is happening in this diagram at the left side of this page. There is a motion here, and exchanging, and interflowing between us. But it is not quite a complete movement as yet. The top and the bottom lines are not as yet engaged in the interflow. They must become engaged in the motion or there will not be a complete circuit made. And unless there is a complete circuit, there will be no motion of energy taking place. Your receiving will have nowhere to go, and your giving will have no replenishment upon which to draw for its continuance and will run dry.

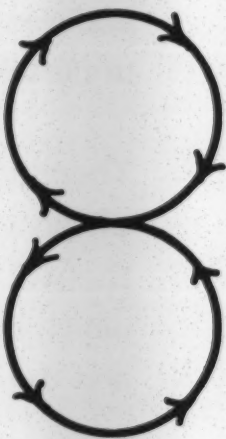

Consequently, we both must become like this:

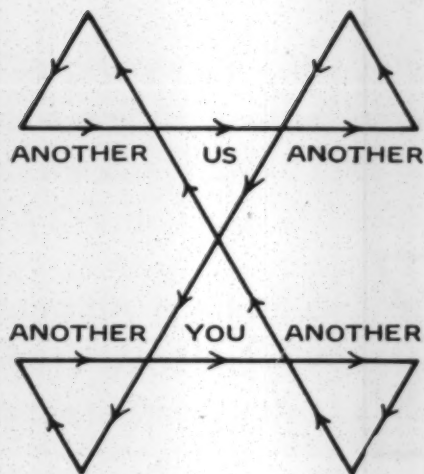

Thus, we finally have a **MOVEMENT** started between us. It is like two circles making a figure eight.

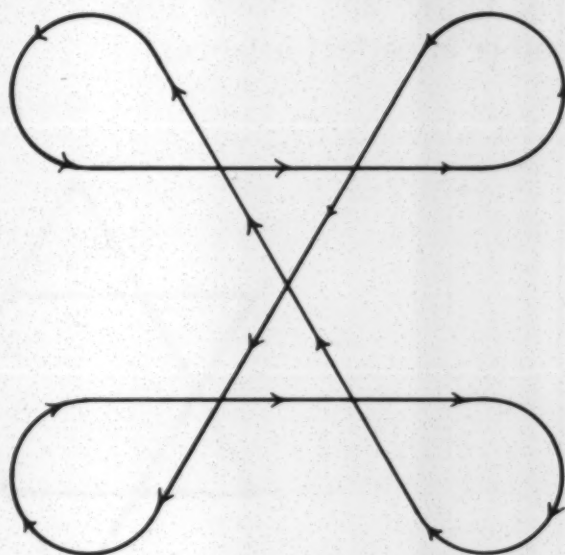

Your two bottom points and our two top points are engaged in the Regiving. This is what makes the complete circuit.

Let us now see what this Regiving looks like:

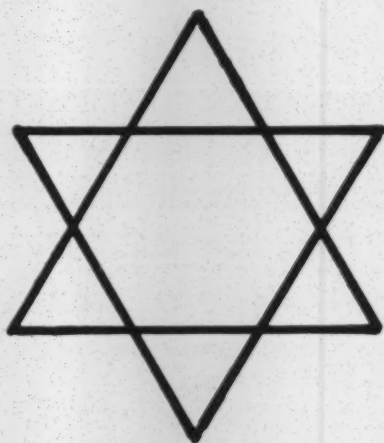

And, here we see this Regiving as a continuous Motion of Interchange:

This becomes interesting. Now we have six direct sets of circumstances involved merely because the two of us reached out toward each other. Each of us has doubled our powers of body, mind, and feelings, and together we have quadrupled our original intentions. How enriched we are. How deficient and lacking you would be if you did not Regive of what you Received from our Giving. But this is not the end of the story.

Love merely is the beginning. All else — joy, peace, harmony, replenishment, fulfillment, wholeness, certitude, and balance of all disturbance begins with Love, even though, at first, it is offered timidly. A good beginning is, at least, a beginning of something which might have a good ending.

You understand now that this Motion of Interchange is one of Purpose. Suppose, as time passes, this Purpose of ours draws closer and closer together in greater understanding and mutual aid and friendship. Then our two separate triangles would gradually move closer and closer toward each other until they merged together in perfect balance:

This diagram is the interlaced triangles. It is the oldest symbol in the world. It is called a hexagram. It also has been known as the Insignet of Hermes, The Prince of Peace, the Shield of David, the Seal of Solomon, and The Builder of the Two Truths. It has had the most extensive range among all nations and tongues. It has been discovered among all peoples, not only among those now inhabiting the earth but also in the monuments, carvings, and other remains of the great prehistoric races of mankind who have left us a few of their gigantic structures in stone.

If we move toward each other and merge in unity of purpose, and others move toward both of us and likewise merge in the same unity, and all interchange and interflow in our over-all Giving, Receiving, and Regiving, we then have a *living system* of force, based upon the actual centers of forces of the six points of every double set of circumstances which have wants to be satisfied. It is this living system of force which is Love. It is this Love which heals all wounds and fills all dry places. For within every double interlaced triangle of six points is an invisible Seventh Point which is directly in the center. It is this Centered Point which is God. God has being where two or more (sets of circumstances) are joined together.

Beloved ones: like attracts like.
You and we of the Great White Brotherhood
are governed by the same Law
and are surrounded by Beings
above our own particular sphere of activity.

The Law says that the brother above
must ever reach down below
on the evolutionary path —
the Spiritual Path of "returning Home."

Humanity is guided and inspired,
from thy most materialistic
to the highest intellectual,
by Spirit Beings.

Many take to themselves all credit for being expert —
authors, writers, musicians, scientists,
leaders, organizers, or doctors.
If these do such, they are mistaken.

They would be great
if they were to recognize
that of themselves they can do nothing!

They receive RAYS OF WISDOM and Power
sent by the Higher Beings.

And each individual on Earth is accompanied
from birth to death by a Guardian Angel,
by one responsible to a still Higher Being
for his incarnate charge.

The Angel Guardian accompanies Man on his journey
to give him uplifting, guiding Love —
if he will receive it.

Letter from Eloise

Beloved Friends:

July 1972

Now that I am feeling so very much better both physically and mentally, I have such a heart-urge to thank you for your blessed prayers.

Mari Mae has told me how sincerely and long you have prayed for my recovery, and finally I can report real improvements.

How fortunate we *all* were that my beloved friend of many years was able and willing to take over the responsibility of caring for the Shrine and your correspondence, so important to its ongoing, when I was compelled by circumstances beyond my control to lay it down.

Mari Mae, too, needs your prayers — for the burden has not been a light one. Let us all pray for her!

I would be so grateful to know that you are continuing your prayers for me in the Name of the Father, the Son and the Holy Spirit — as I have another big hurdle to make before all is well.

We thank Lowell and Agnes and the other dear and close friends for their parts in carrying on the Work of the Shrine.

I am still in the exceptionally lovely and quiet rest home in San Diego. Mari Mae sees to it that I get your dear letters to read.

Love and heart's blessings,
Eloise
